

# DVT: A NEW PARADIGM FOR LIFE SCIENCES VALIDATION

Accelerate validation. Strengthen compliance. Enable digital transformation.

Digital Validation Tools (DVT) go beyond just eliminating paper. They streamline execution and improve quality across validation and qualification processes, leading to:

## REDUCE RISKS OF PAPER-BASED SYSTEMS, SUCH AS:

- Operational inefficiencies
- Extended cycle times
- High labor burden
- Fragmented visibility
- Quality and compliance risks
- Data integrity vulnerabilities
- Inconsistent practices
- Audit complexity
- Scalability limitations
- Hidden organizational cost

## DVT BENEFITS:

## CAI: YOUR DVT PARTNER

CAI brings industry expertise in validation, governance and implementation for a successful and sustainable digital transformation that delivers value across the enterprise.

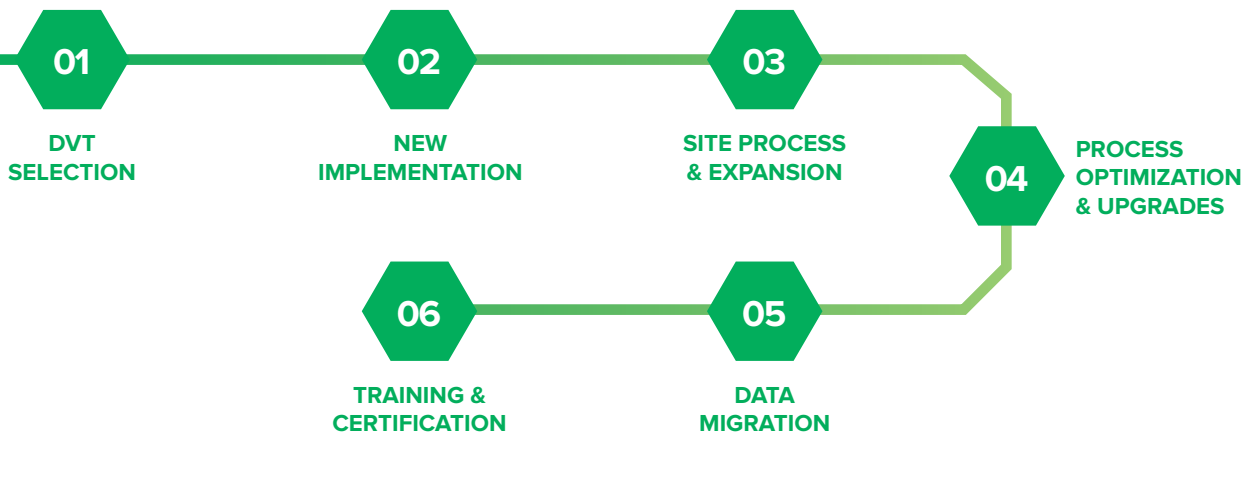

- 30+ years of deep validation expertise
- Certified experts across multiple platforms
- Proven content and process frameworks
- High-quality, efficient implementations for successful go-lives
- Global deployment capability and ability to scale
- Sustainable adoption and long-term success

**30+**  
YEARS OF DIGITAL VALIDATION EXPERTISE

## THE DVT JOURNEY

CAI will guide you through all aspects of DVT rollout:

**ARE YOU READY TO ACCELERATE YOUR DIGITAL TRANSFORMATION?**
